

5 JUL 1960

MEMORANDUM FOR:

25X1A9a

SUBJECT:

Proposed Draft for United States Army Manual of
Civil Affairs Intelligence

We have read the study with interest. There are no specific comments that we can make. However, we are impressed with the exhaustiveness and scope of the manual. It will obviously provide a valuable guide not only to civil affairs personnel, but to intelligence officers who may be associated with or function in support of civil affairs.
